

Women Helping Women

Friday November 3rd @ CLC San Marcos ~ 6 pm with dinner.

All **women** are invited. Bring a friend/ family member/ daughter (middle school and older).

Speaker from Sisters of the Street (non-profit organization to end Human Trafficking)

Sisters of the Street supports "The Purse Project" which is a street outreach that collects donated items that women who are working the streets may be able to use daily. We put them into gently used or new purses along with personal empowerment cards, positive affirmation letters, and Sisters of the Streets business cards. We take them to well-known prostitution areas to hand out to the women and young girls working the streets. We offer the ladies prayer and if they choose to ask for help, as much help as possible.
